

CxAlloy[®] is CxEnergy Gold Sponsor

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C. Dec. 18, 2015)—CxEnergy, the only conference and expo dedicated exclusively to building commissioning and energy management, announced today that [CxAlloy[®]](#) will be a Gold Sponsor and an Exhibitor of the event. CxAlloy[®] is cloud-based software that ensures building quality from laying the foundation through daily operations. CxAlloy[®] offers enterprise applications engineered for design and construction project management, commissioning, building maintenance, and energy and sustainability management.

[CxEnergy 2016](#) is being held April 11-13 at the Hilton Anatole in Dallas, TX, one of the city's finest luxury hotels and conference centers. The expo hall showcases a wide variety of companies providing leading-edge commissioning and energy management products and services. Exhibitors' products include controls, instruments and metering devices as well as consultative services in engineering and enterprise energy management. The CxEnergy Exhibitor Prospectus is available [here](#). Event information and the latest updates are available at www.CxEnergy.com

[CxEnergy's technical program](#) will cover key topic areas including Building Envelope/Enclosure Commissioning, Technology & Innovation, Energy Management, Commissioning Specialty Systems, Policy & Financial Issues, and more. The program features many of the best-known names in commissioning, energy management and engineering. AIA Continuing Education Credits will be available for technical sessions.

CxEnergy offers pre- and post-conference certification workshops and seminars for [Certified Commissioning Authority \(CxA\)](#) and [Energy Management Professional \(EMP\)](#). The event also features several networking events that connect commissioning and energy management personnel, engineers, building owners and facility managers with manufacturers and energy services providers.

CxEnergy is presented by the AABC Commissioning Group ([ACG](#)), Associated Air Balance Council ([AABC](#)), and Energy Management Association ([EMA](#)). Supporting organizations include the Texas Chapter of the United States Green Building Council, The Dallas 2030 District, The South-central Partnership for Energy Efficiency as a Resource (SPEER), The Continental Automated Buildings Association, The Business Council for Sustainable Energy and The Institute for Market Transformation.
