

CxEnergy 2016 Attendee Registration is Now Open

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C. January 7, 2016)—CxEnergy, the only conference and expo dedicated exclusively to building commissioning and energy management, announced today that attendee registration is open. CxEnergy had over 400 attendees representing eight countries in 2015, and with the new central location for technology and progress – Dallas, TX, CxEnergy expects greater attendance this year.

"The variety and quality of the CxEnergy presentations was excellent; showing the relationship between commissioning and energy management and how it produces efficient, effective and dependable building systems," said attendee Robert Knoedler, Vice President, Hanson Professional Services Inc.

Online registration for attendees, as well as sponsors and exhibitors, is available at the event website, www.CxEnergy.com.

[CxEnergy 2016](#) is being held April 11-13 at the Hilton Anatole in Dallas, TX. [CxEnergy's technical program](#) will cover key topic areas including Building Envelope/Enclosure Commissioning, Technology & Innovation, Energy Management, Commissioning Specialty Systems, Policy & Financial Issues, and more. The program features many of the best-known names in commissioning, energy management and engineering. AIA Continuing Education Credits will be available for technical sessions.

The expo hall showcases a wide variety of companies providing leading-edge commissioning and energy management products and services. Exhibitors' products include controls, instruments and metering devices as well as consultative services in engineering and enterprise energy management. The CxEnergy Exhibitor Prospectus is available [here](#).

CxEnergy offers pre- and post-conference certification workshops and seminars for [Certified Commissioning Authority \(CxA\)](#) and [Energy Management Professional \(EMP\)](#). The event also features several networking events that connect commissioning and energy management personnel, engineers, building owners and facility managers with manufacturers and energy services providers.

CxEnergy is presented by the AABC Commissioning Group ([ACG](#)), Associated Air Balance Council ([AABC](#)), and Energy Management Association ([EMA](#)). Supporting organizations include the Texas Chapter of the United States Green Building Council, The Dallas 2030 District, The South-central Partnership for Energy Efficiency as a Resource (SPEER), The Continental Automated Buildings Association, The Business Council for Sustainable Energy and The Institute for Market Transformation.
