

TTG is CxEnergy Bronze Sponsor

Also Exhibiting & Giving Presentation on P3 Project

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C. Jan. 21, 2016)—CxEnergy, the only conference and expo dedicated exclusively to building commissioning and energy management, announced today that [TTG](#) will be a Bronze Sponsor and an Exhibitor at the event.

Additionally, Director of Commissioning Mr. Scott Gordon, PE, CxA, LEED AP and President of Civil Division and Principal Mr. Ron Sheldon, PE will present on the topic of “The Role of the Commissioning Authority in Public Private Partnership (P3) Projects.” The Public-private partnership (P3) model offers a promising method of financing public infrastructure projects by using private capital. These projects create unique challenges for the commissioning team. Using its role in the award-winning Long Beach Court House project as a case study, TTG Commissioning will provide insights into the roles of the CxA (Commissioning Authority) and commissioning oversight personnel in a P3 project.

TTG + KJWW recently merged under the creation of IMEG, a holding company with common management. Combined, the merger brings 114 years of experience with many award-winning projects and “firsts” in sustainable design. Strength is provided in the market sectors of healthcare, higher education, government, entertainment, industrial, and transportation. Other primary markets include: aviation, corporate, commercial, corrections, hospitality, housing, mission critical, science and technology, and sports and recreation.

[CxEnergy 2016](#) is being held April 11-13 at the Hilton Anatole in Dallas, TX. [CxEnergy’s technical program](#) will cover key topic areas including Building Envelope/Enclosure Commissioning, Technology & Innovation, Energy Management, Commissioning Specialty Systems, Policy & Financial Issues, and more. The expo hall showcases a wide variety of companies specializing in controls, instruments and metering devices as well as consultative services in engineering and enterprise energy management. CxEnergy 2016 features several networking events that connect commissioning and energy management personnel, engineers, building owners and facility managers with manufacturers and energy services providers. Attendee registration and event information updates are available at www.CxEnergy.com

CxEnergy is presented by the AABC Commissioning Group ([ACG](#)), Associated Air Balance Council ([AABC](#)), and Energy Management Association ([EMA](#)). Supporting organizations include the Texas Chapter of the United States Green Building Council, The Dallas 2030 District, The South-central Partnership for Energy Efficiency as a Resource (SPEER), The Continental Automated Buildings Association, The Business Council for Sustainable Energy and The Institute for Market Transformation.
