(Washington, D.C. July 17, 2017)—[CxEnergy](#), the only conference and expo dedicated exclusively to building commissioning and energy management, is returning to Las Vegas, NV in 2018. CxEnergy 2018 will be held April 23-26 at the Rio All-Suite Hotel Las Vegas, and sponsors, exhibitors and supporting organizations are already signing up.

With record attendance of nearly 550 building commissioning, energy management and test & balance professionals and the most exhibitors in event history, [CxEnergy 2017](#) broke all previous marks. Participants viewed the latest technologies, attended a wide array of educational sessions and workshops and enjoyed numerous networking opportunities. “CxEnergy provides the most up-to-date technical documentation and publications, vendor product expositions, and best-practice resources so we can continue to be the best commissioning providers in the Industry,” said attendee Ross D. Montgomery, P.E., CxA, Fellow ASHRAE, President at Quality Systems and Technology Inc.

The expo hall will once again showcase a wide variety of companies providing leading-edge commissioning and energy management products and services. The CxEnergy [Exhibitor Prospectus](#) is now available. Check back often for the latest updates at www.CxEnergy.com

CxEnergy’s technical program will cover key topic areas including building envelope/enclosure commissioning, technology & innovation, energy management, commissioning specialty systems, policy & financial Issues, lighting, water management, energy storage and more. AIA Continuing Education Credits will be available for technical sessions. [Videos of CxEnergy 2017 technical sessions](#) are available now.

CxEnergy will offer pre-conference certification workshops and seminars for the [Certified Commissioning Authority \(CxA\)](#) and [Energy Management Professional \(EMP\)](#). The event will also feature several networking events that connect commissioning and energy management personnel, engineers, building owners and facility managers with manufacturers and energy services providers.

CxEnergy is presented by the AABC Commissioning Group ([ACG](#)), Associated Air Balance Council ([AABC](#)), and Energy Management Association ([EMA](#)).
