

CxEnergy 2017 Technical Program Announced

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C. December 14, 2016)—The fourth annual [CxEnergy Conference & Expo](#) provides more topical, in-depth educational presentations than ever for commissioning and energy management professionals. CxEnergy 2017 is being held April 24-27 at the Osceola Convention Center of the Omni Orlando Resort at ChampionsGate, FL.

Attendees will earn AIA and other industry certification continuing education credits for presentations that include case studies and topics in Building Envelope/Enclosure Commissioning, ASHRAE Energy Standards, Data Center, BAS Cyber-security, Energy Water Nexus, Energy Audits, Lighting Controls, and more.

The 30+ speakers are well-known industry experts across all building science disciplines. The speakers represent companies and organizations including Siemens, Rheem, ABM, SSRCx, TLC Engineering for Architecture and more. [See CxEnergy speaker bios and topics](#) on preliminary program.

The expo hall showcases a wide variety of products including controls, software, instruments, metering devices and services targeted specifically to commissioning, energy management, engineering and testing firms. The CxEnergy Exhibitor Prospectus is available [here](#). Event information and the latest updates and online registration are available at www.CxEnergy.com

CxEnergy offers pre-conference certification workshops and seminars for [Certified Commissioning Authority \(CxA\)](#) and [Energy Management Professional \(EMP\)](#), plus a seminar devoted to testing and balancing topics. The event also features several networking events that connect commissioning providers, energy managers, MEP engineers, and HVAC testing professionals with manufacturers and energy services providers.

CxEnergy is presented by the AABC Commissioning Group ([ACG](#)), Associated Air Balance Council ([AABC](#)), and Energy Management Association ([EMA](#)). Supporting organizations include the Florida Chapter of the United States Green Building Council, The Alliance to Save Energy, Southeast Energy Efficiency Alliance, The Continental Automated Buildings Association, and the Florida Green Building Coalition.
