

CxEnergy 2018 Breaks All-time Attendance Record—Already!

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C. April 6, 2018) — [CxEnergy 2018](#) is fast approaching and an amazing thing has happened. Preregistration numbers indicate that the event will break its all-time attendance record and the doors won't even open for another 19 days. The premier conference & expo in energy efficiency in commercial buildings and facilities is an excellent opportunity to engage those who represent the most successful and innovative companies in the industry.

"CxEnergy is an outstanding conference that brings together the top individuals and companies in commissioning and energy management. We never miss CxEnergy," said Mark Gelfo, P.E., LEED Fellow, CxA, EMP, Vice President and Principal at TLC Engineering for Architecture, a Gold Sponsor.

Online registration for attendees is available at the event website, www.CxEnergy.com.

CxEnergy is being held April 23-26 at the Rio All-Suite in Las Vegas, NV. Attendees will earn AIA and other industry certification continuing education credits for presentations that include case studies and topics in commissioning specialty systems, building enclosure technology, ASHRAE energy standards, BAS cyber-security, lighting control systems, policy & financial issues, data centers, microgrids and more.

The 40+ speakers are well-known industry experts across all building science disciplines. The speakers represent companies and organizations including United Technologies, Stanford University, Schneider Electric, Lutron, Jensen Hughes and more. CxEnergy speaker bios and topics, as well as full schedule of events, are available on the final [CxEnergy Event Program](#).

Over 45 companies in the [Expo Hall](#) will showcase software, instruments, controls and services for building, facility and M&V managers.

CxEnergy offers pre-conference certification workshops and seminars for Certified Commissioning Authority ([CxA](#)) and Energy Management Professional ([EMP](#)), plus a seminar devoted to testing and balancing topics ([TAB](#)). The event also features several networking events that connect building owners, facility managers, school energy coordinators, commissioning providers, energy managers, MEP engineers, and HVAC testing professionals with manufacturers and energy services providers.

CxEnergy is presented by the AABC Commissioning Group ([ACG](#)), Associated Air Balance Council ([AABC](#)), and Energy Management Association ([EMA](#)).
