

Gresham Smith is CxEnergy Gold Sponsor

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C., March 2, 2020) [CxEnergy](#), the only conference and expo dedicated exclusively to building commissioning and energy management, announced today that Nashville, TN-based Gresham Smith will be a Gold Sponsor at the event.

The company offers a variety of commissioning, energy management and other engineering services. They are a member of the CxEnergy copresenting organization the AABC Commissioning Group ([ACG](#)), with three Certified Commissioning Authorities ([CxAs](#)) on staff. Gresham Smith's work is about more than simply checking the boxes – they create custom commissioning plans tailored to meet client energy and operational goals.

CxEnergy 2020 is being held April 6-9 at the Hilton San Diego Bayfront in San Diego, CA. Attendees will earn AIA and other industry certification continuing education credits for presentations that include case studies and topics in commissioning and energy management, updates on ASHRAE 90.1 and California Energy Code Title 24, cybersecurity for energy managers and implementing sustainability and energy plans. New on the program this year is *HyperScale Data Center Commissioning and Construction*. This two-hour session will bring together experts from industry heavyweights like Google, Facebook and Microsoft, as well as Cx providers and contractors, for a lively discussion on commissioning facilities. [Click here to view the CxEnergy Preliminary Conference Program](#).

The [CxEnergy Expo Hall](#) showcases a wide variety of products including controls, software, instruments, metering devices and services targeted specifically to commissioning, energy management, engineering and testing firms.

CxEnergy offers pre-conference workshops and seminars, such as AABC's [TAB & Cx Seminar for CxAs, Engineers & TAB Professionals](#) and certification exams for Certified Commissioning Authority ([CxA](#)) and Energy Management Professional ([EMP](#)). New this year, in partnership with the Uptime Institute, a full-day seminar entitled Introduction Mission Critical Environments.

The event also features several networking events that connect commissioning providers, energy managers, MEP engineers, and HVAC testing professionals with manufacturers and building and facility owners/operators. This year's networking agenda includes the Energy Management Association Golf Tournament at the nearby Steele Canyon Golf Course. Attendee registration and event information updates are available at www.CxEnergy.com

This year's event will also feature a pair of site tours at the San Diego International Airport and the University of California, San Diego Utility Plant.

CxEnergy is presented by the AABC Commissioning Group ([ACG](#)), Associated Air Balance Council ([AABC](#)), and Energy Management Association ([EMA](#)).
