

Smith Seckman Reid, Inc. is CxEnergy Silver Sponsor

Also Giving Two Technical Presentations

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C. February 6, 2017)—CxEnergy, the only conference and expo dedicated exclusively to building commissioning and energy management, announced today that Smith Seckman Reid, Inc. will be a Silver Sponsor at the event.

Principal of SSRcx Steven Harrell, CxA, CEM along with Director Facilities Management East Region of BayCare Health System Tom Davis, CHFM will present on the topic of “Converting CAV to VAV in Florida: What does this really mean?” This presentation defines the steps necessary to truly convert all non-sensitive zones in a hospital facility from constant air volume control to variable air volume control and the procedures necessary to comply with AHCA requirements and receive Agency approval in the state of Florida.

Additionally, Senior Electrical Commissioning Engineer Jesse Felter and Senior Engineer Tom Divine, P.E. will present on the topic of “Commissioning Lighting Control Systems.” This presentation examines the applicable codes, designing the project scope and best practices associated with commissioning lighting control systems. Both presentations are approved by the AIA for 1 LU/HSW.

CxEnergy 2017 is being held April 24-27 at the Osceola Convention Center of the Omni Orlando Resort at ChampionsGate, FL. **CxEnergy’s technical program** will cover key topic areas including Building Envelope/Enclosure Commissioning, ASHRAE Energy Standards, Data Center, BAS Cyber-security, Energy Water Nexus, Energy Audits, Lighting Controls, and more. The program features many of the best-known industry experts across all building science disciplines. AIA Continuing Education Credits will be available for technical sessions.

The **expo hall** showcases a wide variety of products including controls, software, instruments, metering devices and services targeted specifically to commissioning, energy management, engineering and testing firms.

CxEnergy offers pre-conference certification workshops and seminars for **Certified Commissioning Authority (CxA)** and **Energy Management Professional (EMP)**, plus a seminar devoted to testing and balancing topics. The event also features several networking events that connect commissioning providers, energy managers, MEP engineers, and HVAC testing professionals with manufacturers and energy services providers.

Attendee registration and event information updates are available at www.CxEnergy.com.

CxEnergy is presented by the AABC Commissioning Group (**ACG**), Associated Air Balance Council (**AABC**), and Energy Management Association (**EMA**).
