

TLC Engineering for Architecture is CxEnergy Gold Sponsor

Giving Presentation on Energy Performance in the new “LEED Normal”

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C. January, 27, 2017)—CxEnergy, the only conference and expo dedicated exclusively to building commissioning and energy management, announced today that TLC Engineering for Architecture will be a Gold Sponsor at the event.

Additionally, Principal and Director of Energy Services Mark Gelfo, P.E., CxA, EMP, LEED Fellow and Principal and Project Manager Justin Mulhollan, P.E. will present on the topic of “Energy Performance in the new “LEED Normal.” This session reviews how energy modeling and renewable energy analysis guided the TD Bank’s prototype redesign to improve energy performance and meet new LEED v4 certification goals. Focuses include using energy modeling, and understanding the differences between LEED v2009 and LEED v4. The presentation is approved by the AIA for 1 LU/HSW.

Gelfo said CxEnergy 2017 will be a ground breaking event. “CxEnergy is an outstanding conference that brings together the top individuals and companies in commissioning and energy management. We never miss CxEnergy.”

CxEnergy 2017 is being held April 24-27 at the Osceola Convention Center of the Omni Orlando Resort at ChampionsGate, FL. **[CxEnergy’s technical program](#)** will cover key topic areas including Building Envelope/Enclosure Commissioning, ASHRAE Energy Standards, Data Center, BAS Cyber-security, Energy Water Nexus, Energy Audits, Lighting Controls, and more. The program features many of the best-known industry experts across all building science disciplines. AIA Continuing Education Credits will be available for all technical sessions.

The **[expo hall](#)** showcases a wide variety of products including controls, software, instruments, metering devices and services targeted specifically to commissioning, energy management, engineering and testing firms.

CxEnergy offers pre-conference certification workshops and seminars for **[Certified Commissioning Authority \(CxA\)](#)** and **[Energy Management Professional \(EMP\)](#)**, plus a seminar devoted to testing and balancing topics. The event also features several networking events that connect commissioning providers, energy managers, MEP engineers, and HVAC testing professionals with manufacturers and energy services providers.

Attendee registration and event information updates are available at www.CxEnergy.com.

CxEnergy is presented by the AABC Commissioning Group (**[ACG](#)**), Associated Air Balance Council (**[AABC](#)**), and Energy Management Association (**[EMA](#)**).
