

TLC Engineering Solutions is CxEnergy Gold Sponsor

Presenting on “Get Ready for Solar! How to Make your Projects Solar-Ready”

For Immediate Release

Contact: Ed Armstrong (202) 737-7775, ed@commissioning.org

(Washington, D.C., December 12, 2020) CxEnergy, the only conference and expo dedicated exclusively to building commissioning and energy management, announced today that TLC Engineering Solutions will be a Gold Sponsor at the event. The company will also be an exhibitor.

TLC Engineering Solutions Principal and Director of Energy Services Mark Gelfo, P.E., CxA, EMP, LEED Fellow will present on the topic of “Get Ready for Solar! How to Make your Projects Solar-Ready.” This session will discuss the status of the solar industry, solar requirements in codes, incentives, and how to plan, design, build, and commission projects today for solar tomorrow.

“CxEnergy is hands down the best conference I’ve been to in my career, no doubt about it!” Gelfo said in anticipation of CxEnergy 2020 and its focus on commissioning and energy management programming.

Gelfo will be joined at CxEnergy 2020 by his TLC colleague Al LaPera, CxA, EMP, who will serve as an instructor at the preconference [Energy Management Professional Seminar & Exam](#).

CxEnergy 2020 is being held April 6-9 at the Hilton San Diego Bayfront in San Diego, CA. Attendees will earn AIA and other industry certification continuing education credits for presentations that include case studies and topics in commissioning and energy management, updates on ASHRAE 90.1 and California Energy Code Title 24, cybersecurity for energy managers and implementing sustainability and energy plans. [Click here to view the CxEnergy Preliminary Conference Program](#).

The [CxEnergy Expo Hall](#) showcases a wide variety of products including controls, software, instruments, metering devices and services targeted specifically to commissioning, energy management, engineering and testing firms.

CxEnergy offers pre-conference workshops and seminars for AABC Testing & Balancing and certification exams for Certified Commissioning Authority (CxA) and Energy Management Professional (EMP). The event also features several networking events that connect commissioning providers, energy managers, MEP engineers, and HVAC testing professionals with manufacturers and building and facility owners/operators. This year’s networking agenda includes the Energy Management Association Golf Tournament at the nearby Steele Canyon Golf Course. Attendee registration and event information updates are available at www.CxEnergy.com

CxEnergy is presented by the AABC Commissioning Group ([ACG](#)), Associated Air Balance Council ([AABC](#)), and Energy Management Association ([EMA](#)).
